ON THE ENVELOPE from Cougar-Nugrrr this week was the following explanation to the above picture . . . "Just in case your camera failed . . . here's a self-portrait of COUGAR-NUGRRR."

What Will It Cost!

by R. Robert Evans

In the latest controversy at City Hall, who will back down first? What will be the face saving "excuse" that will call quits to the "people, Blaine McGillicuddy vs. Ralph Rule" Quo Warranto proceedings?

This platform of "matter of Principal" that some feel they are standing upon may prove to very expensive for all concerned.

The \$1500 expressed by City Attorney Martin as the probable cost to the city for their part in defending Councilman Rule, to us, is but a drop in the bucket to what the cost may end up being. Councilwoman Maddox, after refusing to vote, or have anything to do with the situation, at the end of the meeting, made a motion that the city's participation would be "reasonable." Reasonable, is a word of great latitude, and what could be reasonable to you or I or one of the states top attorneys, may be ridiculous and completely out of reason to others.

Attorney fees will be the determining factor, and this costly coin has two sides to it, what will be costly to the taxpayers of the City of Sierra Madre will also be very costly to the citizen who lodged the complaint.

Knowing Ralph Rule and his desire to be cleared, and since the City Council has dedicated the taxpayers' funds to defend him, and since this action was not created by Ralph Rule, it is our feeling that he will carry the action to the ultimate end.

Certainly we understand the "point of principal" behind Blaine McGillicuddy, the complainant in this action, together with the supporting affidavit signers, Councilman Wagner, Councilwoman Maddox, City Clerk Marie Warfel, Jean McGee, Rosalie Rose, Peter Tarup and Phyllis Bennett, but as to their financial ability and desire to see this action to its ultimate end is doubtful.

It is our prediction that some "face saving incident" will come about that will cause the complainants to withdraw the matter long before it reaches that end.

As reported to us, Noren Eaton is the attorney representing the complainants in this action. And the attorney selected by Ralph R. Rule will be John H. Larson of the office of Larson and Olive located at 611 Sunset Blvd. in Los Angeles, a foremost authority on disputed meetings and Brown Act violations in this area. He will answer the Quo Warranto serving to the Attorney General's office by the deadline of August 24.

Costs, costs are the question asked by everyone. How much will this action cost. City Attorney Martin stated about \$1,500 for the city, but then amended his statement to say, it depends entirely on what attorney Rule selects and the extent of how far the action will go before it is ended. It could cost \$1,500, \$5,000 and maybe as much as \$10,000 to the city taxpayers.

It will also cost the complainants as much, or again depending upon the attorney's fees, it may be considerably less, but it will cost, and how much to prove point of principal, or possibly unseat the councilman will depend entirely upon his pocketbook and desire.

We well remember a certain meeting held in a school auditorium in March of 1966, when a debate was being held between the candidates for Council, as one of the aspirants to office made a concentrated point on the seven lawsuits that were then pending against the city, and attempted to lead the listener into believing that the lines of communications would be kept open if elected and lawsuits would all be eliminated. Since that date lawsuits have been of a greater magnitude, and upon looking ahead seem to be gaining with great fervor.

Do not forget the Bradley-Konker fiasco; we are sure to hear from this battle very soon in the form of more lawsuits. Our City Attorney is certainly earning the meager wages that we pay him as taxpayers.

The name Grace Daniels was used in reporting this action last week. It was in error as she had nothing to do with the case. We are sorry for this error.

Eight On SM Swim Team Become County Champions

The Ford Pool in Bell was the site of the Los Angeles County Novice Swim Finals Friday and Saturday where eight youngsters from the Sierra Madre Swim Team became new county champions.

In the "B" Division Debbie Knickelbein is the new 11-12 girls breaststroke champion; she also took a third place in the "C" freestyle event. Roark Paschall took the first place with a fast backstroke in that 11-12 boys event, and John Cowan first swam a third in freestyle and then garnered the championship in the 11-12 boys breaststroke. Cowan, Paschall, Andy Rogers, and Larry Eustacy went on to take the top place in the 200-yard medley relay event for 11-12 boys in the "B" Division of the county.

Jennie Jacobson was judged the "C" Division champion in 13-14 girls breaststroke, with Dominique Paschall taking the second with a split-second difference in time. Mark Brown's breaststroke time earned a first for him in that 13-14 boys "C" event and he also took a close second place in butterfly. The 8 and under group boy dynamo, Owen Lubow, is new Division "C" freestyle champ in his age group.

Neal Skarin barely missed a first place by .1 second in the 13-14 boys "B" 50-yard freestyle, but took a second place in that event and then

a third in the "B" 100-yard freestyle.
More Sierra Madre place.

Team Hurt In Highway Accident

Two members of the world famous Sierra Madre Search and Rescue Team were slightly injured over the weekend and Charles Kassler's 1966 Dodge Van was totaled out in an accident in the Fresno area.

The team had been called Sunday to participate in a search for Gary Frazier, age 10, of the Santa Monica area, missing since last Tuesday in the giant wilderness of the High Sierras east of Fresno. He was last seen climbing up from his family's camp toward a grassy slope in the Crown Valley above the 10,000 foot level.

Red Cross Needs Materials To Supply Ditty Bags

The Sierra Madre Red Cross Chapter is responsible for filling 200 ditty bags for distribution among American servicemen in Vietnam at Christmas this year. Volunteers are urgently needed to donate suitable items and to help with wrapping and packing the gifts, which must be ready for mailing August 28.

School Board Faces Suit To Readopt Plan A

A lawsuit challenging the Pasadena Board of Education for dropping a plan aimed at better racial balance in the school will come up this week in Los Angeles. The hearing originally was set for Monday.

Three Caucasian students, one Negro, and their parents brought the case about a month ago.

They ask a court order to set aside the board's action booting out what was known as Plan A.

Plan A would have assigned some students from a predominantly Caucasian neighborhood to John Muir High School. They would otherwise have attended Pasadena High.

The case is known officially as Spangler vs. the Board of Education because two of the plaintiffs are Kathleen and Anne Spangler of Altadena. Their father, James, also is a plaintiff.

Supervisor Dorn Opposes Tax Fee

Supervisor Warren M. Dorn urged the Los Angeles county Monday to cancel "retrogressive" 10 per cent tax on Music Center events.

Dorn said such a tax aimed at raising \$595,000 for the current budget — was "uncalled for" and "just one more harassment directed at those people who have done so much to make these facilities possible."

Dorn also stated, the revenue is not needed inasmuch as the state has approved bills which will bring millions of dollars more into the county treasury.

by R. ROBERT EVANS

DEFENSE

ATTORNEY CHOSEN

Before leaving on his vacation for the next four weeks, Councilman Ralph R. Rule, defendant in the recent Quo Warranto proceedings to unseat him from his seat on the City Council chose his attorney of defense.

John H. Larson of the law firm of Larson and Olive, located at 611 Sunset Blvd. in Los Angeles, will be the attorney to defend Ralph Rule and the City Council of the City of Sierra Madre in the action.

Mr. Larson is a noted attorney in the field of Brown Act violations and disputed meetings of municipalities. Having placed the action in worthy hands the Rule family left for a well-earned rest and vacation.

Uniformity Of Truck No. By Firemen

The Sierra Madre Volunteer Fire Department met in regular business session Friday evening, August 11 following a two-hour drill. Two very important decisions were made at the meeting which will go into effect immediately.

It was the feeling of Fire Chief Charles Brown that the men had completely familiarized themselves with the new Crown Engine Pumper put into service in the spring, and it was now time to move it into the first spot for alarm calls. Henceforth it will be the first truck at the scene.

To establish a state of uniformity among the men, the police, radio contact, mutual aid and the public it was decided at this meeting that the trucks would be known by their original numbers assigned to them for radio communications. Fire Chief Brown's white truck will be known as 421. Fire Marshal Ludden's red truck will be known as 422. Crown Engine No. 4 will be known as 423. The new Crown Engine No. 1 will be known as 424 and the Canyon engine Seagraves will be 425.

The meeting was adjourned after plans were completed for the annual San Gabriel Valley Firemen's meeting held in Sierra Madre on Tuesday, August 15, with the local department serving as hosts.

Roger Kelley, Jr And Wife Barbara Golf Champions

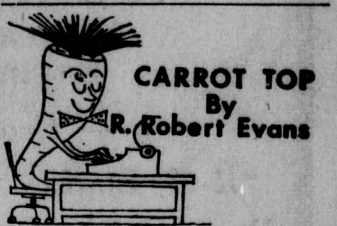

Defending champion, Roger Kelley Jr., and his charming wife, Barbara, 1967 Brookside Women's Champion, became the victorious couple in the Sierra Madre City Golf Championship for 1967.

The Kelleys won some pronounced golf balls and a handsome trophy for their winning gross score of 166 and their net score of 147.

Second-place winners were Wake and Mary Angel of Sierra Madre. Third place honors were awarded to Don and Pearl Bowman.

Whispering Lakes course in Ontario was the perfect setting for this talented group to hold their tournament. Everyone had a grand time and heartily enjoyed the buffet dinner dance which was held later in the lovely Royal Tahitian.

Ken and Jan Rickard and Ralph and Edna Meader deserve mention for their efforts in coordinating and making this event such a fine success. The great publicity coverage was due to the efforts of Bob Smith.

For those who are interested, and I will agree they are very few, today, August 17, is the birthday of "yours truly" . . . I am now over the hill of the 50's and starting, or should I say continuing, the decline to the world of dreams, the retiring 60's . . . So be it, time must travel on and on and on.

Speaking about age reminds me of a story of two spinster sisters, sitting at home, having a quiet evening. Suddenly one looked up from the paper she was reading, and commented: "There's an article here telling of the death of a woman's third husband. She has had all of them cremated."

"Isn't that life for you?" said the other. "Some of us can't even get one husband, while others have husbands to burn." . . . And that's life for you . . . some days you just can't lay up a red cent.

As we understand it, this week was the last week for our City Administrator Darwin Dennis . . . that was sure a short term of employment . . . Bobby Clark and myself met with the new administrator last November and after making his acquaintance he ended up the first conversation by asking us what we would suggest as to his first actions as the new City Administrator.

It didn't take either one of us long to give him the answer . . . "Due to conditions now prevailing in our city, our suggestion is, 'Do not unpack your suitcase'."

It was just the other day that he admitted to us that this advice was the most sound advice that he had ever received.

It's too bad, too . . . Darwin Dennis was a swell fellow. He had a lot on the ball that he never had an opportunity to display. Although we definitely did not agree to many things that he stood for, we do agree and know, if he would have had the opportunity to work them out, under normal circumstances, our city would have emerged a much stronger city both financially and as a city of its own identity.

But again, that is the way life deals from the deck. God only loaned each of us to the other; you take advantage of the loan or you ignore it; your life and your surroundings are made by your own choosing . . . Sierra Madre has lost a good man, and the realization will soon become apparent to a great many of us. Good luck, Darwin. God bless you for your efforts, and a great hope goes with you that others will recognize and appreciate the qualities.

As we lose our City Administrator this week, we gain a new Chief of Police. James Zurcher comes into our town with his work certainly all cut out for him.

To organize the department to his thinking is a tough job, even under normal circumstances, but in our mind he is replacing two men who wore pretty big shoes to fill . . . Chief of Police James Bale and Interim Chief of Police Bob Heasley.

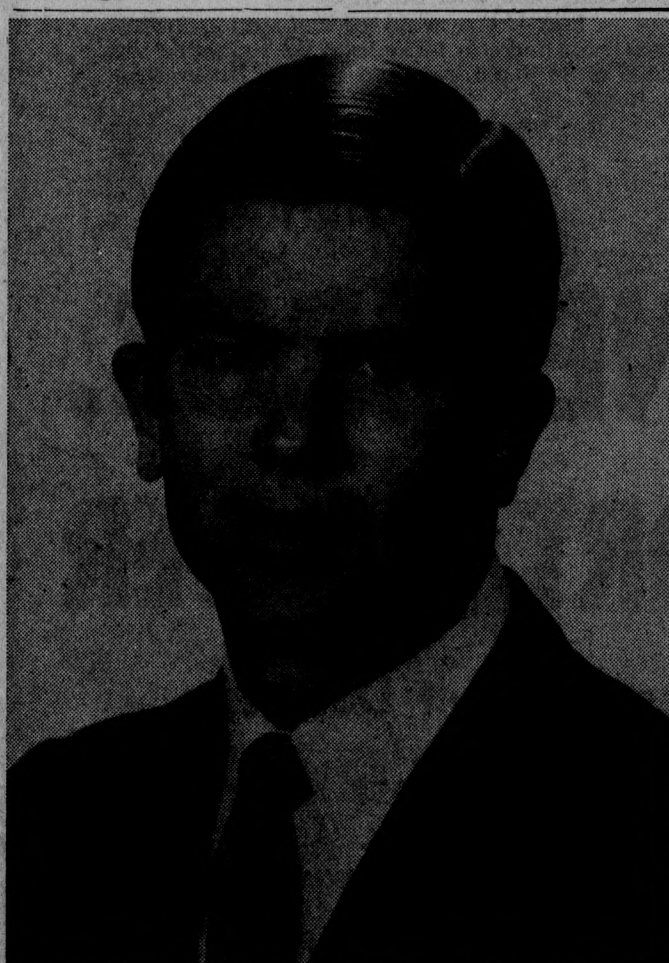

To their marks of accomplishments he will add his own, and we offer him the best wishes for success.

Speaking of law enforcing agencies, this week we would like to close our column with the following remarks: . . .

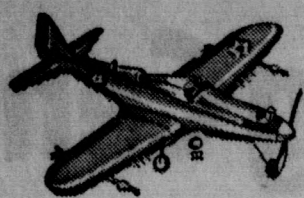

Ours is a government of laws, not of men. It is the type of society envisioned by William Penn nearly 300 years ago when he spoke of a land "where the laws rule and the people are a party to those laws."

It was John Adams, the second President of the United States, who declared that America's independence . . .

Suzanne Stephens Engagement To Carlin Robert Smith Announced

At a family dinner in her home Sunday, July 16, Mrs. Ruth L. Smith announced the engagement and forthcoming marriage of her son, Carlin Robert Smith to Suzanne Stephens.

Suzanne was born in Edmonton, Alberta, Canada, the daughter of Mr. and Mrs. G. Stephens. She has lived in the United States and has attended and graduated from Pasadena City College.

Carlin is the son of Mrs. Ruth L. Smith and the late Carlin G. Smith of Sierra Madre. He was born in Los Angeles and raised in Sierra Madre. He attended and graduated from Sierra Madre Elementary School, Pasadena City College and Glendale College. He attended PCC when it was both high school and junior college. Carlin received his Bachelor of Science degree from Glendale College in the field of engineering. He

Susan Hayden Married To Stephen Brubaker

In an evening ceremony on July 29 Mary Susan Hayden exchanged marriage vows with Stephen Innes Brubaker.

Mary Susan is the daughter of Mrs. William S. Royall of 283 W. Montecito.

Stephen Innes is the son of Mr. and Mrs. Glenn S. Brubaker of 291 W. Montecito.

The bride was gown in a creation of white satin with a round neckline, quarter length sleeves and a bell shaped floor length skirt. Her shoulder length illusion veil came from a crown of illusion, lace and sea pearls. She carried a bouquet of white orchids and stephanotis on a background of fern.

Maid of honor was Patricia Tampio of Pasadena. Best man was the bridegroom's brother, Ronald G. Brubaker, and the usher was Sam Acosta.

A small reception, for relatives only, was held for the newlyweds at the home of the bridegroom's parents, Mr. and Mrs. Glenn Brubaker.

They honeymooned in Northern California and returned to Southern California to make their home in Riverside.

You and Your Neighbors

Using a trailer for the first time, Mr. and Mrs. Glen Appleby and their two children, Charles 18, and Lynn 16, drove up to Northern California and parts of Oregon on a two week vacation this summer. They had a great time and saw a lot of country. They stopped by Redding, Calif., to see their friend and former Sierra Madrean minister Rev. George Lindsay and his wife Marge and their daughter Kit. The two families enjoyed an afternoon of chatting over all the news and eating watermelon. They visited Antelope Lake and Lassen National Park and camped in their trailer which they have decided they like much better than just camping out. It's more convenient and it's much better than just camping out. It's more convenient and it's much faster to make and strike camp. They went up to Oregon to camp in the Valley of the Rogue State Park which was just lovely and very pleasant to visit. While there they took a jet boat ride up the Rogue River, on a 32 mile trip. A jet boat can go through water areas as shallow as five inches and that's exactly how shallow the Rogue River was in place. It made the trip quite exciting, the trip prior to the cruise the Applebys went on suffered a broken rudder. They also stopped awhile at Harris Beach which is a state park in Oregon on the southern coastline. On their return to California they visited Camp Richardson awhile and then journeyed on to Mt. Diablo. They saw the fantastic 600 mile view from Mt. Diablo which is California's biggest viewing mountain because it has no mountain range around it to obstruct its view. From Mt. Diablo they came home, weary, happy and yet energetic enough to wash their trailer the day after they arrived home!

Pasa Red Cross Has Bloodmobile Open August 21

Pasadena Chapter of the American National Red Cross is sponsoring a community bloodmobile in the Scottish Rite Cathedral, 150 N. Madison Ave., Pasadena, from 1:30 to 6 p.m. Monday, August 21. Parking is available at the north side of the building. For additional information and appointments, which are scheduled every 20 minutes, please call the Pasadena Chapter, 799-0841. Harold K. Goldback is Pasadena Chapter blood program chairman.

Membership in the Red Cross blood protection program is a practical, economical and philanthropic enterprise which also means dollar savings as well as security and peace of mind to the blood donor. Whole blood from other sources could cost from \$25 to \$65 a pint. The regular blood donor knows blood is immediately available to him and his family and to the group to which he gives when it is needed.

Two blood credits are given for each pint donated when the donor gives to a blood bank group. First the individual donor receives a personal credit and second the group, such as his church, business firm, PTA or fraternal organization, also receives a credit; dual or double credit.

Orchid Hobbyists Have Meeting At Arboretum

For its meeting this month, San Gabriel Valley Orchid Hobbyists are having Leo Holquist, of Armacrest & Royston Nurseries, as its speaker. His talk will be on "Yellows — Species and Hybrids." This should be a very interesting subject as yellows are becoming the most popular color in orchids.

This meeting will be on August 17, at 7:45 p.m. at the Los Angeles State and County Arboretum, Arcadia, in the lecture hall.

Plans will be from the Armacrest and Royston Nurseries. For the culture class, Hans Thommen of Stewart's Orchid Co., will give a talk on "Growing Orchids in Europe." This class meets in the lecture hall at 7 p.m.

Funeral Services Conducted For Maybelle Barker

Mrs. Maybelle Caley Barker, 78, of 232 Mariposa, passed away at 78 years old, on August 9, at Sierra Madre Community Hospital, following a lengthy illness.

A native of Ohio, Mrs. Barker came to California 76 years ago when she was two years old. Three years later she became a permanent resident of Sierra Madre.

Mrs. Barker's name can certainly be placed with the women who have built Sierra Madre into the wholesome, friendly type of town it is today. She worked hard and diligently at any task or duty set before her. She was a charter member of the Sierra Madre Woman's Club and a member of the Sierra Madre Congregational Church. She was also a member and a founder of the Sierra Madre Historical Society, Senior Citizens and the American Legion Auxiliary.

Those left to mourn her passing are: her sister, Mrs. Hilda C. Noble of Sierra Madre and her niece, Mrs. Nadine N. Sondergard, also of Sierra Madre.

Rev. Glen H. McCormick officiated at the funeral services on Friday afternoon on August 11, at the Sierra Madre Congregational Church.

Ripple Mortuary handled all arrangements with interment in Sierra Madre Cemetery.

9 KERSTING COURT

You and Your Neighbors

Mr. R. D. Shipway of 292 E. Laurel certainly has the right idea, in my opinion, on how to have a good time ... travel! At the beginning of the year he traveled back to Florida to visit his son. While there he saw the sights of interest, of which he enjoyed the Cypress Gardens the best. During June he took a leisurely five week camping trip up to Northern California and Oregon. He toured at an easy-going pace, stopping at his own leisure to see the national parks, or visit friends and relatives. Mr. Shipway said Crater Lake in Oregon was very beautiful. The snow was still on the ground yet the weather was like spring time. On his way up north and on his way home, he drove through the Redwood forest to see all that majestic ancient splendor. He stopped in Yosemite to look around and enjoy that lovely mountain wilderness. But he's glad to be home. As much as he enjoys traveling to all these places, Mr. Shipway says he still likes Southern California the best and wouldn't live any other place!

Services were held Monday, Aug. 14, for Mrs. Adeline Anna Langbehn, age 80, who passed away in the Duarte Convalescent Hospital on Thursday of last week.

Services For Mrs. Langbehn Held Monday

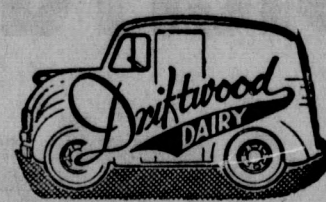

Mrs. Langbehn came from New York twenty-six years ago and until she retired was a seamstress for the Broadway Department Store, and lived at 941 Orange Ave., in Monrovia.

She leaves to mourn her passing four daughters, Mrs. Ralph Hurwit of Monrovia, Mrs. Ralph Burns of Sierra Madre, Mrs. William E. Rhodes of Costa Mesa and Mrs. Mathew Sivilar of Aberdeen Md. Also 11 grandchildren and 4 great grandchildren.

Services were held at the Ripple Mortuary with Rev. Glen H. McCormick officiating. Inurnment was at Harbor View Memorial Park in Costa Mesa. Arrangements were made by the Ripple Mortuary in Sierra Madre.

Help Stamp Out Allergies

Every summer, along with sunshine and breezes, beach parties and cookouts, vacations and trips . . . come allergies. Years ago, an allergy meant constant irritation, continuous frustration, and countless hours lost in just sneezing, wheezing, and trying, mostly in vain, to do something, anything, for relief. That, happily, is all in the past. Today, there is hope, indeed promise, for the sufferer of an allergy. Today's physician has innumerable solutions, aids and cures.

Why, then, it may be asked, do so many people still complain of the time-worn, nothing-more-than-common, supposedly easy to remedy allergy? The answer is easy. These folks, unfortunately, have not become fully aware of the possibility of doing away with their allergic problems; such a malady is still, in this day and age, merely accented by an amazingly large segment of our population.

We pharmacists at Hartman's, along with your personal physician can aid you in combating the uncomfortable condition caused by plants, grasses and pollens, and even foods that may cause the distress of an allergy.

See your doctor soon. He will give you the counsel and advise and we will cooperate by filling your prescriptions and other medical needs.

Call us any time.

Rudolph R. Hartman

Ronald Raven In Europe For Ambassador Program

flew to Washington, D.C., where they visited the Capitol Hill, and the United States Congress. They also went to the Hungarian Embassy for a briefing on what to expect from that country while they visit it.

During their tour, Ronald visited nine countries: England, France, Germany, Austria, Hungary, Yugoslavia, Italy, Switzerland and Holland. They would visit two or three cities in each country, staying anywhere from one to four days in each city.

Ronald was very impressed with all he could see and learn. The people were

very hospitable to them and being able to stay in homes, the students got a chance to see more of the country and its people than the average tourist could. He said one country, Austria, is so beautiful, it's indescribable.

The last night in Holland they held a giant all-night party for the students before they were to embark on their long journey home. He arrived in New York August 8 but found his luggage hadn't! It was still in England, but they sent it right over, as soon as possible. Two days later Ronald arrived home — a little weary but very happy.

Ronald is a graduate of Pasadena High School this last June, will attend Pasadena City College this coming fall and major in business. He is the eldest of three children of the Ravens. Michael, his younger brother will be a senior at PHS this year. Robin, his younger sister, will be in her second year at Wilson Junior High.

During his plane trip home he was facing the sun the entire time and had 24 hours on daylight and very, very little sleep. Nevertheless, he arrived, feeling happy and grateful for such a fantastic experience, to a very proud pair of parents!

Eight On S.M. Swim Team Become County Champions

ings: 8 and under: Alex McDonald missed a first by 1, took 2nd in "C" Division backstroke; Dana Knickelbein, 5th C backstroke, Wendy Mitchell, 5th C backstroke.

9-10: Ed Rogers, 4th C freestyle. Adrienne John missed first by 1.8, took 2nd in C backstroke, and 3rd in C freestyle.

11-12: Andy Rogers, 4th B butterfly; Larry Eustacy, 7th B freestyle.

13-14: Sue Banis, 4th in C backstroke, and 5th in B freestyle; Dominique Paschall, 5th C butterfly.

15-17: Maryanne Feeney, 6th B butterfly; Donna Roberts, 5th C backstroke, and

7th C freestyle. Relay teams rounded out Sierra Madre's good showing at these finals which represent the best efforts of 63 teams from all parts of the county with an estimated total of 3,000 children participating in the county summer league competitions this year. Sierra Madre was part of the San Gabriel Valley division of the county league this year.

11-12 girls took 3rd in the B 200-yard freestyle relay, Gretchen Popp, Joanne Ball, Debbie Temple, Debbie Knickelbein.

13-14 boys swam a 200-yard medley relay in the B division and also garnered a

3rd, Grey McLaughlan, Bill Hartley, Mark Brown, Neal Skarin; 5th place was won by the 13-14 girls in the B 200-yard medley relay event, Sue Banis, Jeannie Jacobsen, Dominique Paschall, Peggy Bullard.

The Sierra Madre "A" team came in second, and the "B" team placed fourth in the 10 and under boys 200-yard freestyle relay event in the "C" Division.

The Swim Club Boosters say, "The Summer Invitational Meet in Sierra Madre is happening on September 8. Want to take a good look at our champions? Come to the Invitational and see them in action."

6—SIERRA MADRE NEWS Thursday, Aug. 17, 1967

Sierra Madre To Be Offered Major Shopping Center

of all maintenance and guaranteeing the citizens of the area complete satisfaction as to promises and committed agreements. They are the General Construction Contractor, and always allows local contractor, both small and large to bid upon any of the projects they desire, and will give prime consideration to the local bidders.

Anticipated Area
At this point it is the anticipated desire of the developer to allocate approximately 45,000 square feet to the buildings, and although not entirely definite, 20,000 square feet of the area will be for a supermarket grocery and the remainder of the anticipated area, 25,000 square feet will be dedicated to allied businesses. The developer has definitely stated that any and all Sierra Madre merchants will be offered the opportunity to establish their business within the shopping area before it is considered or offered to any outside business establishment.

About The Center
The developer will maintain complete control of the architectural design of the center, planning to keep the design within the blend of the community, i.e. Spanish type structures, major redwood construction on the town and country style. Demolition of the structures now present has been planned, with possibility, if permitted, to move some of the newer homes to other vacant lots within the city.

Land will be graded to the level of Sierra Madre Blvd. which, as an off-the-cuff estimate, will place the level of the ground at Montecito Street at 22 feet above the foundation level of the center.

The developer will present plans and designs that will show that they will take an approximate 20-foot setback on the south side of Montecito. There they will build a retaining wall as high as permitted by the Ordinances of the City of Sierra Madre and will completely landscape the area with trees and shrubs, and maintain the area for its life with sprinkler system and garden maintenance.

This, of course, would place building foundations some 22 feet below the level of Montecito, and with the anticipated wall would place the shopping buildings out of sight of the residence on the north side of Montecito, more especially so when the trees and shrubbery gain their full growth and height.

On the Mountain Trail side of the development, as well as the Sierra Madre Blvd. side, excepting for ingress and egress openings, a small retaining wall will be constructed with plantings of green plants and shrubs which will be fully maintained and provided with a full sprinkler system.

All electrical equipment in the center will be completely baffled to eliminate all noise and sound, and all lighting will have reflector units to shield the outside area from excess light. All loading and unloading of merchandise, trash and so forth, will be limited to ingress and egress openings of Mountain Trail and Sierra Madre Blvd.

Statistics Gathered
Before even considering the area a crew of statisticians reviewed the area and found that over 1½ million dollars of business shopping was leaving the City of Sierra Madre, to other shopping areas, and that Sierra Madre was the only city in Southern California with a population exceeding 10,000 that did not have a major shopping center within its city limits.

Further research brought out the facts that it is firmly believed that after the new freeway is completed and the off-ramps established, the off-ramp feeding the traffic into Baldwin Avenue will be the ramp most used by the people from Arcadia - Oaks - Highland area and Sierra Madre and allied areas; that potential will be from the area containing approximately 20,000 shoppers. Statistics have proven to the Corporation there will be available approximately \$140,000 weekly shopping revenue in the area.

cost to the taxpayer. Should Sierra Madre accept this offer of a new shopping center within its corporate limits, additional tax revenue to them will be tremendous all of it aimed at a nice reduction of personal property tax. Beside the sales tax aspect of the picture you would have:

1. The upgrading of the land from R-1 and R-2 to commercial land. 2. There would be a tremendous increase in revenue as far as the city owned water company is concerned. 3. Will be fees received from the building permits and business licenses issued when the center is open. 4. The increase valuation to the tax rolls of improvements in the area. 5. The increased valuation to the tax rolls of the merchandise and equipment. 6. It is estimated the area, when completed will have approximately 100 owners and employees who will be potential residents of the city, shoppers and users of Sierra Madre business establishments.

More Information
As previously stated, the Stanley Corporation, plans to present the entire package to the Planning Commission at their regular meeting of September 21. They will present building layouts and complete design, and will notify the Commission of the super market which will be the prime inhabitant of the

area and the number of allied businesses available for lease when the plan is given the green light.

You Will Be Informed
The staff of the Sierra Madre News has been accorded top priority relative to all future plans of the Corporation, together with a complete architectural design concept, to be presented to you by the time of presentation to the Planning Commission. Any questions relative to this development may now be answered by the News staff or answers will be obtained for you within a matter of a few hours. We sincerely ask that you accept this new development with an "open mind" and weigh its potentials carefully. We urge you, do not listen to idle gossip or unrealistic remarks that may be forthcoming. We guarantee you that you will read the facts in your local hometown newspaper.

Safe Passing
That car in front of you may be going faster than you think, so be sure that there's plenty of open road ahead before you start to pass.

FROM THE Fire Side

The rumor is around that Don Burleson at a recent house fire, walked through the screen door and strained himself!

Say it isn't so, Don!

"Little Joe" Grippe and Chief "Wild Bill" Charley Brown haven't been the same since their picture appeared on the front page. To hear them tell it they really did win the west. They're a couple of real winners, alright. We would have liked to print another one we saw of "Little Joe" and his horse, but we were afraid we might offend him. We had trouble telling which one was the horse. It's like the old story: How come at the race track they have more "horzazzes" than they do horses?

There's a warning out to all firemen about the corner of Mariposa and Hermosa, that will be a "fuzzy" corner now — Police Chief Zurcher is moving in next to Sergeant Bob Heasley — man, what a combination!

We must apologize for saying Len Hall got kicked out of Canada. It isn't true, after all. At least, that's what he says. But the way we heard it was he and Charlie DeGaulle received the same treatment — so you figure it out for yourself.

I hope this retraction suits you, Leonard.

We've heard of people having "a.u.t.o.mobilitis" (have to hop in the car to go next door) but Charley Peterson had to hop in his car to go from the scene of the fire to one of the trucks to get a bucket.

Come on Charlie, you got to be kiddin'.

Calls For Recruits

Sheriff Peter J. Pitchess, for the ninth time since the 1965 Watts Riot, recently warned the Board of Supervisors that the present strength of his Department is deplorably inadequate.

The Sheriff expressed his concern for the national situation of rising criminality and lawless mobs rioting in our major cities. He indicated there has been, "A 20 per cent rise in major offenses during the first three months of 1967, and the Los Angeles metropolitan area leads the nation's crime rate."

Pitchess emphasized to the Board the fact that since July of 1967 when they granted his Department increased salaries and fringe benefits, recruiting has been dramatically improved. Therefore, Pitchess has requested that the Board give him authorization to employ every qualified candidate that he can recruit. If this request does not meet with the Board's approval, the Sheriff suggested that they provide him, at this time, with additional manpower through graduated annual installments.

The Sheriff concluded his letter to the Board by reminding them, "The residents of this County have in too many instances become afraid to walk the public streets." Pitchess said the answer to a situation of this type is militant action in dealing with crime, and such action requires manpower.

Lesson Sermon

"Mind" is the subject of the lesson sermon to be read in all Christian Science churches throughout the world this Sunday.

The Golden Text is from II Timothy: "God hath not given us the spirit of fear; but of power, and of love, and of a sound mind."

LEGAL NOTICE

SIERRA MADRE NEWS
NOTICE OF
PUBLIC HEARING

NOTICE IS HEREBY GIVEN that pursuant to the provisions of the Code of the City of Sierra Madre, Section 9623, that the City Council of the City of Sierra Madre has fixed Tuesday, September 12, 1967, at the hour of 8:00 p.m. in the Council Chambers of the City Hall, 35 West Sierra Madre Boulevard, Sierra Madre, California, as the time and place for a public hearing on an appeal on a lot split and variance previously granted by the Planning Commission for property described as Lots 46 and 47, Hart's Subdivision, said property being located on the northwest corner of Manzanita Avenue and Hermosa Avenue.

The proposal is to create two parcels described as:
Parcel A—10,405 sq. ft. area
Parcel B—10,407 sq. ft. area
Both parcels will have frontage on Hermosa Avenue. A variance is requested to form these two new lots from two existing lots which are below R-1-11,000 square foot requirements.

Application and map are on file in the office of the Secretary of the Planning Commission.

The application alleges that there are special circumstances attached to said property which generally do not apply to other properties in the same district and vicinity; that the granting of a variance as aforesaid will not result in a material damage or prejudice of other property nor be detrimental to the public welfare or injurious to persons in the vicinity thereof; in that the proposed variance, if granted, would be subject to such conditions as the City Council may deem necessary to assure that the spirit and purpose of said City Zoning Code will be observed, public welfare and safety secured, and substantial justice done to all parties.

Interested persons may attend and be heard.

SYcamore 7-9634

Boy, did I luck out this year . . . All the new styles are just great for the kind of sewing that I do. Especially the kilts. Have always been able to figure things out mathematically and this is right down my alley. I can modestly say I don't even need a pattern. I just whip them up in a matter of a few hours.

What's the big to-do about whipping up a skirt. In my house unless there is a big fuss about what I make I don't make it! For some women sewing is an art that comes as easy as breathing. No so here. It's a big production which manages to involve the entire house and household.

As I look around the pad I see on one table a "ripper" . . . (It always takes me three seams to arrive at one good one). On the chair is a box of pins. The cabinet is the place where I keep the scissors, under the fashion magazine, of course, and the dining room table is a veritable treasure trove of tailor's chalk, needles, thread, a broken zipper, more pins, an odd assortment of buttons, and little bits of string and fabric. I'll say nothing about the floor.

By the time I get through creating one of my fashion models the entire family is on their knees begging for mercy. I keep explaining that I am saving so much money and they all offer to

go out and get jobs I won't have to do so much saving. I seem to get the message that they don't fully appreciate my creative talents and they want to thwart any further attempts for my breakthrough into the fashion circle. Being a true artist, however, I am going to spurn their pleas and go right on making kilts. Who knows, they may even come back for men and I'd have a whole new outlet for my wares.

Called Mrs. Don Hays last weekend to see how the parents of the bride were doing after the excitement was over. Ethel said she has been having a ball with her sister, Mrs. B. C. (Marion) Shubrook, who came out from Lenni Mills, Pennsylvania for the wedding. Don left on a business trip for St. Louis so the girls took off for a visit to Hearst's Castle and Solvang.

Word from the bride and groom, Malinda and Mike Maroschak, is that Carmel has been covered in a blanket of fog ever since their arrival.

The Bob Hanssens of Old House Road had a family party last week with a former sorority sister of Melba's and it offered a wonderful opportunity to get to know the children. She is now Mrs. Jim Felsted. She was accompanied by her husband and their three children, Steve, Wally and Nancy. They are guests of Mr. and Mrs. Bruce McGregor, and they too were at the gathering with their three children, Julie, Scott, and Shauna. The Hanssen house is a little empty this week. Rocky has left for three weeks at camp in Utah and Jill left for a ten day stay in the east where she will visit the Neil Zindel family in Philadelphia. They plan to spend one of the weekends in and around New York City.

The Dominic Giangregorio family is all home again after splitting their family in two directions.

Dom and Pat celebrated twenty-five years of married life by taking a trip to the islands for almost a month. They left on the Lurline with the Gordon Wrights. They were met there by the Tony Bolands and the Forrest Paxsons.

Their first stop was at the Royal Hawaiian in Honolulu, and contrary to so many opinions, they found the city large, but charming. Their next stop was the Hana Maui on Maui, and then on to the fabulous Rockefeller vacation spot, Mauna Kea on Hawaii. Pat said that is by all odds the most outstanding resort that you can possibly imagine. It is all American plan, and the rooms are beautiful, the beach as close to perfect as they could make it, a championship 18 hole golf course, and outstanding entertainment.

In-as-much as it is isolated they have provided all of the entertainment you could wish for right at the hotel. After five days of fun there they went on to Kauai where they stayed part of the time at the Kauai Surf Hotel. At that point they decided to extend their trip a few days and moved over to the Coco Palms where they were fortunate enough to get into one of the celebrity cottages. The one that they had just happened to be Frank Sinatra's and from what she said it was beautifully furnished and completely stocked.

While they were island hopping, their son Gregory was touring Europe with a group of boys from La Salle High School. In one month the boys managed to visit

Bank of America Advocates
Searching Tax Appraisal

Bank of America advocates "a searching reappraisal of government projects at all levels" in the fact of forthcoming tax increases.

In releasing a special report entitled "Focus on Rising Taxes," the bank warned that the possibility of spiraling tax increases is the most profound danger in America's current tax situation.

Total revenue from increased taxes will fall below expectations if the combined impact of the tax increases acts to slow the advance of the economy, the bank predicted.

"This raises the disturbing question as to whether

receipts below expectations will give rise to attempts for additional rate increases. In short, there is the possibility that the failure of this medicine to cure the patient will induce the physician to apply more of the same."

Designed to clarify some of the basic issues of the tax situation, the Focus report points out that the stimulant to the private economy made possible by the 1964 and 1965 tax reductions will be wiped out by the contemplated tax increases.

Bank of America, the nation's largest commercial bank, expressed the belief that "the people and the various governments of this nation must face up to the need for establishing real priorities in government

Cougar Nugrrr

by LYNNE RICHARDSON

It seems like half the town is on vacation, or going on vacation shortly, yet this little city isn't half as quiet as I thought it would be in summer. Of course, we at the Sierra Madre News have been keeping busy with all this summertime activity.

One of the biggest events right now is the Cougar Nugrrr scrap book that Mrs. Evans is making. It's unbelievable the work and artistry, not to mention the intellect, that beast has put into his messages.

The envelopes and personals sent to Mr. Evans are decorated so fantastically you just have to see them to believe them.

Anyone who would like to see these gems of wisdom are more than welcome to come in our office and see it. Meanwhile all of us here at the plant are losing our minds trying to figure out who Cougar Nugrrr is.

The majority of people that come into the office think it's Mr. Evans, until they see that scrapbook, then they become just as mystified as we are. As a result it isn't just the crew from the Sierra Madre News that's after you now, Cougar Nugrrr, it's about fifty other people as well! We always appreciate any help or ideas our friends care to contribute to this Cougar hunt.

In the front window we have the latest, Cougar

Nugrrr's record of everything that has been mentioned by him and of him in the Sierra Madre News. Mixed in with all these articles are cut outs of a few of Cougar Nugrrr's fans.

Who ever Cougar Nugrrr is he certainly knows the feelings of the people in Sierra Madre and is highly sympathetic toward their cause. His poems and personals have a great deal of wisdom behind them, along with a keen sense of humor and a faultless ability to see the real truths in Sierra Madre.

Cougar Nugrrr, we sure have grown fond of you, your priceless wit and wisdom and your ability to remain anonymous, in spite of some of the best traps set for you . . . But just between you, me and Sierra Madre . . . COUGAR NUGRRR WHO ARE YOU?

Christine Corbett, a former resident of the British Home, 647 Manzanita St., was a medical patient in Sierra Madre Community Hospital for several days recently. She has returned now to Arcadia Convalescent Hospital in Arcadia.

A patient in Sierra Madre Community Hospital during the past week was Mrs. David Wallett, whose home is at 461 Sturdevant Drive.

You and Your Neighbors

by LYNNE RICHARDSON

A six-weeks trip to Canada and Expo were on the traveling agenda for Mr. and Mrs. Oliver Abraham for their summer vacation this year. They traveled directly back to Montreal, the Expo '67 city, to spend a fabulous week seeing all the advancements and progress our northern neighbor has made. They returned home much more slowly, took them five weeks to get here!

They visited many of Mr. Abraham's relatives and visited all the provinces that they could. They traveled across Ontario and saw Toronto and Ottawa. They didn't spend too much time in Ottawa, only one-half hour, but they saw their beautiful parliament building and visited Mr. Abraham's relatives and then flew to the northern part of the country to see beautiful Lynn Lake, which is very close to the Arctic. They went to British Columbia to visit another relative of Mr. Abraham's who owns a large ranch, and the children couldn't have been happier to get a chance to ride their horses. They came home by way of the coast and were shocked to find that Washington and Oregon were hotter than California was (of course, that was during our cooler spell). Now they are home, unpacked and glad to be resting and enjoying a more leisurely summer.

From June 30 to July 30 Mr. and Mrs. Vern Foster and their son, David, enjoyed a leisurely vacation up by Shasta Lake in northern California. David drove one of the cars up with their boat behind it and Mr. Foster drove the other car and pulled their trailer, too. While his parents relaxed and enjoyed the leisurely pace of life at Antler Camp Site, David got a lot of water skiing done. They have gone to Elsinor to ski before, but Mrs. Foster says there is no comparison between the two. Shasta Lake is so large and the giant pines grow right down to the water's edge. The foliage is much thicker and greener around Lake Shasta, too. They really

put in the miles. From Sierra Madre to their campsite it is 670 miles. They took two days getting there and two days returning. They saw no reason to rush, but took their time and enjoyed the long journey as best they could. While up around Shasta they drove 1,500 miles to see the surrounding area. That's a lot of area!

Among the many American visitors to Canada's Expo this summer are Mr. and Mrs. A. V. Willmas. They went back to Montreal and spent a week of their vacation sightseeing and touring the recently famous event. So much to see they could have spent much more than a week. Yet they wanted to visit Mrs. Willmas' father and their friends in Milwaukee and Chicago. They travelled Expo City, Montreal to Toronto, Canada. They thought Toronto was very nice but were impressed mostly with the beautiful new city hall that had just recently been completed. They spent a week and a half in Chicago and Milwaukee visiting friends and mostly visiting Mr. Charles Herrmann, Mrs. Willmas' father, in Chicago. They had a really nice trip and certainly enjoyed the opportunity to see everyone. They flew out of a cool climate into this hot California summer, and it's taking a while to get used to such tropical weather again.

Mrs. H. E. Wheeler of 672 Brookside Lane had a lovely and very happy six days when her grandson and his wife visited her. Steven Douglas Wheeler had returned from Germany and brought home his charming German bride. They visited Steven's parents in Santa Clara for a month and then came south to visit Mrs. Wheeler before reporting to the Army post. He has seven months to go in the Army infantry before his tour of duty is up. Mrs. Wheeler really enjoyed having them visit. She hasn't seen Steven for two and a half years and they had a lot of news to catch up on.

SIERRA MADRE NEWS—9 Thursday, Aug. 17, 1967

Red Cross

Donated items should be brought to the Sierra Madre Red Cross office, 25 S. Baldwin, or to Mrs. Nancy Wizenick, 217 W. Orange Grove. Children and teenagers as well as adults are wanted to help with the gift-wrapping and may call Mrs. Wizenick at 355-4477 for more information.

Last year, the ditty bags filled by Los Angeles area Red Cross chapters were enthusiastically received by more than 14,000 servicemen in Vietnam, and hundreds of letters from appreciative men were mailed to the Red Cross. Your donations of time and gifts can help make this project even bigger and better this year and help bring cheer to those who are far from home.

All American Indian Expo '67 Indian Pageant

The All American Indian Expo-67 is produced, directed and managed by American Indians. Expo-67 features Jay Silverheels in an all Indian Pageant which is the only show performed, directed and produced by Indians. And it's all for a good cause. Money raised by the Expo will go for educational purposes to Indians living off the reservations and government premises.

An estimated crowd of 100,000 is expected to see the all American Indian Expo-67 during the three-day exposition at the Great Western Show Grounds, Oct. 6, 7 and 8. The grounds are located in the City of Commerce, Santa Ana Freeway and Atlantic.

Four hundred and fifty tribes are expected to participate. They are coming from Canada, the United States and Mexico for this colorful and exciting event. The Expo opens each day at 11 a.m. and closes at midnight.

On Friday, Oct. 6, the Grand Entry Parade will start at 11 a.m. at the Great

Western Show Grounds. Participating in the parade will be Miss Indian Expo-67 contestants, Indian tribes in their colorful regalia, movie and TV stars, dignitaries, Boy Scouts, Girl Scouts, Indian Maidens, Indian Guides and religious and ethnic groups.

Other attractions in the Indian Expo will include Miss Indian Expo-67 beauty pageant, Indian dance contestants, arts and crafts sales, rare Indian exhibits, Boy Scouts and Girl Scouts' colorful Indian Pageant, Indian Maidens and Indian Guides exhibits and other ethnic group exhibits and crafts sales.

Pie Town, located in New Mexico, is reported to have received its name because the owner of a mining claim near the site was in the habit of baking luscious pastry for travelers and nearby citizens.

Switching the tires periodically is said to make them last longer.

Janice Diane Fasana Exchange Vows With Paul Chaffee Kennedy, III

In an afternoon ceremony on August 6, Janice Diane Fasana exchanged wedding vows with Paul Chaffee Kennedy, III.

Rev. Myron E. Meckel officiated over the wedding in the Church of the Lighted Window in La Canada with 120 guests witnessing the happy event.

In a background of candlelight and Grecian urns of shaded pink stocks with white gladioli and blue festooning, soloist Walter C. Reed of Pasadena sang, "More," "Hawaiian Wedding Song," and the "Lord's Prayer." He was accompanied by organist Mrs. Robert Alder of Pasadena.

Mr. John Fasana gave his daughter away. She was groomed in a beautiful white re-embroidered lace, with white satin creation that was full length with a chapel train. A satin bow with pearl embroidery and a full length veil was the matching headpiece. Janice carried a beautiful bouquet of light baby pink roses with white orchids. She carried a silk handkerchief that was carried by her maternal grandmother at her wedding in 1924.

Cynthia Alice Latta was the maid of honor. The bridesmaids were Kay Chaney and Susan Jean Folks. They were dressed in

gowns of powder blue antique silk and carried bouquets of pink cascading carnations.

Best man was William David Kennedy and the ushers were: Jon Alan Fasana, brother of the bride; Peter Holtstrom, and Ronald Dierkens.

Mrs. John Fasana, the mother of the bride wore a lovely yellow bonded crepe, semi-fitting dress and matching accessories.

Mrs. Paul Kennedy, Jr., mother of the bridegroom, chose a charming lemon yellow silk shantung sheath and matching accessories.

Janice Diane is the daughter of Mr. and Mrs. John William Fasana of 1530 Descanso Drive, in Pasadena. She attended La Canada High School and Pasadena City College. Janice was also a member of the 1965 Le Fleurette Debutant and Pasadena Child Guidance Clinic Juniors. She is past president of the National Thespian Society of the La Canada Chapter.

Paul is the son of Mr. and Mrs. Paul C. Kennedy Jr., of 605 Edgeview Drive. He attended Pasadena High School and Pasadena City College. Paul was a member of the Alpha Kappa Omega Fraternity. He is presently serving his country in the United States Navy, active duty.

A catered reception was held poolside and in the garden of the home of the brides parents. Pink carnations and candles decorated the table where the blue and white tiered and peddled wedding cake was placed.

Janice Bai, aunt of the bride handled the guest book. Out-of-town guests included: Mr. and Mrs. Robert Overall of La Jolla, aunt and uncle of the bridegroom; Mr. and Mrs. John Fasana, grandparents of the bride, and Mr. William J. Bai, grandfather of the bride.

Janice chose a navy blue linen, semi-tent, dress with red shoes and bag at matching accessories, for her going-away outfit. Northshore on Lake Arrowhead was the place the newly wedded couple chose for their honeymoon.

Always slow down or stop before you change position or stand up in a small boat.

Crater Rock Museum Crater Rock Museum in Central Point, Oregon, is reported to be a rendezvous for rockhounds interested in finished or rough agate material.

Letters to the Editor

The Honorable Richard King: Mayor And City Council Members Sierra Madre, California Gentlemen:

A letter was recently addressed to the City Council members commending the Sierra Madre Police Department on their arrest of alleged marijuana peddlers on East Grand View Avenue.

I heartily agree with the praise which the Police Department merited. However, I do not think the local newspapers purposely withheld such information on this. In many cases of this nature, it is to the best interests of the city not to make any public comment until the case is fully completed and the information released by the Police Department. I believe such was the case in this instance.

Our newspapers are certainly worthy of much praise for the fine job they are doing in reporting information of interest to the citizens.

Sincerely,
—BETTY KEARNEY.

The City Council
City of Sierra Madre

Sierra Madre, Calif. 91024
Dear Members of the City Council:
The Board of Directors of

the Kiwanis Club of Sierra Madre, on behalf of all the members of the Kiwanis Club, wish to compliment the Sierra Madre Police Department on their very efficient and capable manner in which they handled the recent July 4th parade and festivities held in our city.

In our opinion, it was one of the most smoothly operated functions that it has been our pleasure to participate in and view.

—By Order of the Board of Directors:
GUY ROSSI, Secretary.

Members of the City Council
City Hall
Sierra Madre, Calif.
To All Members:

We would like to go on record at this time, and ask the City Council to consider an office space in the new Civic Center Building for the Chamber of Commerce.

Since March 1965 we have occupied a 300 sq. ft. office at 49 South Baldwin Ave. A previous letter was written to Mr. Bevington in May 1966.

Sincerely,
DOROTHY D. UNDERWOOD
Secy.-Mgr.

Always be ready to yield your right-of-way to avoid an accident.

Mrs. Clark Gable Will MC Area Fashion Show

At noon on Thursday, Sept. 21, the San Marino Area Auxiliary of Five Acres will present its Third Annual Luncheon and Fashion Show at the Huntington-Sheraton Hotel in Pasadena. Mistress of ceremonies will be Mrs. Clark Gable. Commentator for the show will be Christy Fox.

This traditional benefit always has played to a "full house" with invitations eagerly awaited and the S.R.O. sign put out a few days before the event, which is a sellout.

Mrs. Wayne R. Knight, Auxiliary president, has appointed Mrs. Fitzgerald Speedy as chairman of the event, which this year will tie high fashion to art.

The models will include Mmes. William Howard, W. Dexter Bramhill, C. R. Vance, Bruce Gilbreath, Charles T. Martin and Edward McGinley.

The ballroom will be decorated with epergnes of various shades of rose and red contrasting with bright pink cloths on the tables. Huge sketches and paintings will decorate the walls.

Bank of America Advocates Searching Appraisal of Government Projects

spending.
"At some time our nation must come to the realization that spiraling taxes long

Fire Prevention Commission Bill

Board of Supervisors, on motion of Warren Dorn, recently supported HR 11284, a bill calling for creation of a National Commission on Fire Prevention and Control, appointed by the President.

Dorn said the measure would also provide \$10 million for a program of grants to states and local governments for research in the field of fire prevention and suppression.

The commission would be similar to the National Crime Commission, and would provide a wide representation of views of individuals and organizations throughout the country.

continued will kill the goose that lays the golden egg, and at such a time a reassessment of spending and taxes must take place. We at Bank of America believe that time has come."

The bank indicated it does not oppose tax increases to overcome the crises created by war and the inordinate demands imposed on state and local governments by growth and urbanization.

However, the bank called for a closer coordination of federal, state and local tax policies if fiscal policy is to be of maximum effectiveness as a tool to economic stabilization.

Bank of America asserts that "the long range growth of the American economy and the economic well-being of all its members will be best served by lower rather than higher tax rates. We do not and cannot believe that America's long term

best interest will be served by a continuation of spiraling tax rate increases."

The bank says that tax increases are necessary since the alternative of drastically reduced government spending could not be achieved quickly enough or in sufficient depth to solve the current revenue crisis. The bank supports a federal tax rate increase tied directly to the Vietnam war and limited to a maximum of two years.

"However," the report said, "it should be recognized that to the extent a tax rate increase tends to depress economic activity and income, it will be self-defeating."

Terming the forthcoming six to nine months as one of the most concentrated tax rise periods in history, the bank stated:

"Tax packages vary from state to state and munici-

pality to municipality, but there is little doubt that the overall tax increases will equal or exceed the federal tax reductions achieved in 1964 and 1965. In short, we are about to wipe out the stimulant to the private economy made possible by the 1964 and 1965 reductions.

"It does not appear likely that the projected tax increases will cause an actual downturn in the economy.

"The most likely impact will be a series of shocks to the economic advance which has been projected for the second half of 1967. The United States economy is basically strong and the strength in the service sectors would seem to preclude a recession.

"However, there is a real danger that the series of tax shocks in prospect will slow the pace of economic advance."

"Let's Talk Dry Cleaning"

by Joseph Delgatto Sr.

There's not much that's more annoying than to take an otherwise clean garment from the hanger and discover a spot on it after just one wearing. "Where did it come from?" you ask. "Is it a food stain? Beverage? Perfume?" You have no way of telling.

When this happens, it's wise to get the garment to your cleaner as quickly as possible. While some stains are irremovable, most of them do come out with proper cleaning. Food stains, stains from tea, coffee, soft drinks and fruit juices should be scientifically removed quickly, before they become oxidized by exposure to air and heat.

Dye stains are usually the most difficult to remove from dark and pastel fabrics. White fabrics yield to bleaches which can usually remove the dye stain. Oil stains come out easily when fresh, yet they are often impossible to remove completely after they have aged for a time.

A word of warning: never try to remove an unidentified stain by home cleaning agents. You might come up with a ruined garment! Proper cleaning by specialists costs less in the long run, makes your clothes last longer.

Free mothproofing on everything we clean.

Eaton Canyon Golf Scores

Eaton Canyon Women's Club players had a choice of their best nine "odd or even" holes. Winners of gross and net for A were Ruth Dunning — gross 38, and Mary Angel — net 33½. For B flight it was Gretchen Mikolovych — gross 45 and Sara Rose Parrott — net 34.

C winners were Doris Pooler — gross 47 and Ann Chisler — net 32½. Winners in D were Nenita Francisco — gross 51 and Kay Neves with net 36. Net putter for 18 holes was Ruth Dunning with 32 putts.

Trek
Members of Shakespeare Club's Philanthropy Department will make their annual trek to the Laguna Festival of Arts on Friday, August 18. They will leave by bus from Robinson's at 4:45 p.m. Box suppers will be served enroute. Reservations may be made with Mrs. Anderson C. Ong.

Letters to the Editor

Dear Editor:

Hurrah for senior citizens! Their checks don't bounce. They don't commit crimes. They increase the elementary school enrollment.

When I thanked a Hemet bank teller for cashing a check, he said, "Our seniors' checks never bounce. We extend them special courtesies. We don't charge them for checking accounts."

The pretty city hostess beamed: "We're proud of our senior citizens. They have brought us prosperity, a new industry... the manufacture, sales and servicing of mobile homes. We have more shopping and medical centers. More doctors, nurses. Young families have moved in to take care of these services. They have increased our school enrollment. And have you heard of our Good Neighbor Club? Dedicated to serving our older citizens. Transportation for those who need it. They are helped in many ways. There's a club house... activities, hobbies.

"And," she continued, "have you noticed our excellent traffic controls... eight traffic lights within the city limits?" "Yes," I replied, "and Hemet is not as large as a certain foothill city... and the traffic seems no heavier..." She further explained that there are no skaters or skateboarders in the downtown area or in any of the shopping centers, and cycling is not permitted on any of the sidewalks. And they enforce these ordinances!

They have a beautiful new \$300,000 city hall. Imagine! they actually built one... didn't just talk about it. The city manager told me they have encouraged the construction of nice mobile home parks and retirement centers with recreational facilities. There are many golf courses, swimming pools and club houses. Since the "invasion" of the "new leisure class," the population within the city limits has increased from 3,000 to 10,800 and mobile home parks, retirement centers and housing tracts are reaching out beyond the city limits. Sixty per cent of the population are retirees. They have a high sales tax revenue.

From the police department, I learned the crime rate is low. "Our senior citizens are still the top dairy product producing country in the world."

Personals are \$1.25 and can be placed in an envelope and placed under the door... no name needed. No charges accepted.

zens do not commit crimes." Some are retired professional people, technicians, engineers, civil service "alumni." Many of these guys and gals are kind o' youngish. The trend is to retire younger and live it up. Met several from Pasadena. Why they left? Smog, loneliness, too much traffic. I was surprised that to escape from the smog, some had come from Santa Ana, Garden Grove, and even San Clemente... and Riverside, only 30 miles away. A mild scent of it at times drifts around the west side of Hemet. I wonder how much longer there will be any desirable area in Southern California where one can go to escape from this awful air pollution.

—LILLIAN B. SAGE.

PLANNING COMMISSION'S CIVIC CENTER PRESENTATION

This is part three of the report of the Sierra Madre Planning Commission's report of the proposed Civic Center as presented to the City Council at its June 25th meeting.

III. Site

Area required for parking was computed in accordance with Section 9511 of the Zoning Code which requires one parking space per 100 square feet of assembly area. The 63 parking spaces will service the Public Facility (3,500 sq. ft. — 35 space), the Council Chambers (1,800 sq. ft.—18 spaces), and the Police and Fire Departments (remaining 10 spaces). The Administrative parking requirements were considered to be a non-concurrent use with Council Chambers requirements and do not require additional space.

Open space was computed using 40 per cent land coverage factor for the single-story building with parking space considered an open area. In the multiple-story structure modification of this factor was made so that all of the open space would not be paved parking. In this case open space was provided in the same ratio to total land as in the single-story case. Land requirements for a two-story split-level building is shown in

Table V of the appendix. For the purpose of consideration a single-story structure was used in the remainder of the report.

Land Requirements for a Single-Story Building

	Area in Sq. Ft.
Building	26,910
Parking*	22,000
Open Space**	18,590
Total Area	67,500
Approximately 1 1/2 acres	

*Based on 63 cars at 350 square feet each.
**Allowing a land coverage of 40 per cent.

D. Site Selection

I. General Considerations: In considering various sites for the proposed Civic Center, the Planning Commission studied each site in relation to certain common points. These points are:

a. Size—approximately 1 1/2 acres with proper configuration.

b. Location Effect on Operations:

1. Fire Department
2. Police Department
3. Administrative Offices
4. Public Facilities

c. Cost:

1. Acquisition
2. Development

II. Areas Studied

Considering individual sites as well as combina-

tions of those which might be used, some 26 possible sites were compared against the above criteria. Those sites are listed in Table IV and illustrated in Figures 1 through 10 of the appendix.

III. Area Criterion

Table VI indicates that based upon the requirement of providing a minimum of 1 1/2 acres (approximately 65,000 square feet) a number of potential sites can be ruled out for a Civic Center containing all facilities at one location. Only sites identified by parcel codes M, N, Q, S, ABCD, ADE, GHI and GHJ provide adequate area. Using a process of elimination, only these will be compared against the remaining criteria.

IV. Location Effect

In an earlier section of this report it has been suggested that a central location appears to have certain advantages over a more remote site. Applying this criterion against those potential sites having adequate area, it would appear that M, N and Q cannot qualify. In addition, it seems that the limited emergency access for site S eliminates it. On this basis sites ABCD, ADE, GHI and GHJ seem to be appropriately sized and located and are next compared on the basis of acquisition and development costs.

You and Your Neighbors

by LYNNE RICHARDSON

Some people have ideal vacations. But not so with the majority of us. There is always something we'd prefer to change; the time may be too short; the weather not quite as we prefer or maybe the children aren't as quiet as our nerves can manage. Yet, all in all, vacations, though not perfect, are happy, carefree, interesting times. Bill and Evelyn Shaw, however, have spent an unusually different summer. It began with their 7 day vacation at Walker River. They arrived at their trailer site in the middle of a thunderstorm, only to find someone had taken their trailer! They found out later it had been moved to another camp, and was fortunately intact. Once settled in their misplaced home they began to relax, enjoy a peaceful vacation and good fishing. But Evelyn Shaw was too pre-occupied with 9 month old Billy to do much more than seven days of babysitting! Daughters, Marilyn and Alison and Mr. Shaw got some fishing in though. They returned home after seven semi-relaxing days, to find their swimming pool had a problem of its own... algae! They unpacked, had the pool cleaned, got Marilyn off to camp and have started to enjoy summer at home. All this news was told to me by a very congenial Mrs. Shaw, who had been interrupted by my phone call while swimming and was standing there dripping wet, talking. Sometimes you just can't win, Mrs. Shaw! Sorry about that.

Mr. and Mrs. Dan Morris, their daughter Wendy and their son David enjoyed a pleasant weekend at Lake Mojave. They swam, rested and soaked up the sun. It was quite hot there and Mrs. Morris tells me it will stay like that throughout the summer. The heat is that dry, easy to take, desert heat. Between it and the serenity and clear weather it's one of the Morris' favorite vacation places.

COMMUNITY HOSPITAL

... Sierra Madre
Mr. and Mrs. Harry Anderson, who live at 388 E. Dixon St. in Azusa, have chosen the name Jeffrey Todd for their fourth son. He was delivered by Caesarean section at Sierra Madre Community Hospital on Friday, Aug. 4. His birthday weight was 8 pounds, 3 1/4 ounces. Anderson's other children are James, Lyn, John and Douglas.

Mr. and Mrs. Charles St. George, residents of Pasadena living at 960 E. Orange St., have named their second son Kevin Charles. He was delivered at Sierra Madre Community Hospital on Wednesday, Aug. 9, with a birth weight of 6 pounds, 5 ounces. His older brother, Christopher, is happy with the prospect of a new playmate.

C of C Holds Monthly Meet

Sierra Madre's Chamber of Commerce opened its meeting on the morning of Aug. 1, after the reading of the treasurer's report.

President Doug Delahooke opened it officially and headed the business that was transacted. Jack Meade offered his resignation due to the fact that having sold his interest in Sierra Madre Hardware, he and Mrs. Meade are moving to Sun City.

Suggest writing of letters to: An invitation to the new Chief of Police, James Zurcher, to attend the next meeting. Also a letter to the City Council asking for office space for the Chamber in the new Civic Center. Jerry Asher wrote a letter to City Council to ask for careful budgeting. An invitation to Congressman Lipson will be sent to ask him to attend the next meeting.

Frances King was given the honor she so richly deserves, the Community Achievement Award by the Chamber. President Delahooke presented her with the award.

Gordon Baker Lloyd, Chamber chairman of the Christmas Decorating Committee, is beginning plans for the Christmas events. Suggestions and ideas are being pondered over and decided on and all the suggestions given are welcome.

The meeting was closed and the date of September 12 was decided on for the next meeting.

Marine Reserve Training

The following local men are at the Marine Corps Base Twenty-nine Palms, participating in their annual two-week active reserve training.

Marine Reserve Private First Class Gilbert K. Snyder, son of Mr. and Mrs. H. E. Snyder of 2000 N. Santa Anita; Marine Reserve Private First Class Donald W. Barnett, son of Mr. and Mrs. Donaki L. Barnett of 375 E. Grand View; Marine Reserve Private First Class Timothy P. Murray, son of Mr. and Mrs. Edward G. Murray of 203 Santa Anita; Marine Reserve Private First Class Neil B. Barry, son of Mr. and Mrs. Neil J. Barry of 475 N. Wilson Ter.; Marine Reserve Lance Corporal Lawrence D. Gonzales, son of Mr. and Mrs. Laurence Gonzales of 30 S. Lima St., and Marine Reserve Private First Class Stirling H. Prout, son of Mrs. Margorie G. Prout of 425 W. Sierra Madre Blvd.

They are members of the Fourth Light Anti-Aircraft Missile Battalion.

Using "HAWK" (Homing All-the-Way Killer) missiles, their battalion provides local medium range air defense against hostile low or medium altitude targets. The battalion's HAWK missiles are also capable of destroying some types of missiles.

Training will include HAWK missile firing exercise, and general military subjects.

Twenty-nine Palms is located 150 miles southeast of Los Angeles at the tip of the Mojave Desert, and is the largest Marine Corps Base in the world.

Exhibition

An exhibition of oil paintings by Ruby Andersen will be shown during the month of September in the Descanso Gardens, at 1418 Descanso Drive, in La Canada. The art will be on display during 10 a.m. to 4:30 p.m. For further information please call 355-1885.

40 LOCATIONS IN SOUTHERN CALIFORNIA TO SERVE YOU

Dr. Parker To Be Guest Speaker

"We are pleased to announce that Dr. William R. Parker will again honor us as guest speaker at the 11 a.m. worship service," says the publicists of The Santa Anita Church, 226 W. Colorado Blvd., Arcadia, "on August 20. Bring your friends to worship with us in our beautiful sanctuary. Dr. Parker's subject will be, 'The Burning Bush.' Infant and child care is provided during the service."

Children from kindergarten through eighth grade worship with their parents in the sanctuary for the first 15 minutes of the worship service. After a sermonette especially for them they go to their Junior Church graded classes for spiritual education. High School Youth attend the Sunday morning service and have their evening meetings the first and third Sundays of the month at 7:30 p.m.

Applications are available for the 1967-68 school year at the Ethel Barnhart School, formerly the Santa Anita Church Day School. The school has used Mae Carden's Method of Learning and Comprehension for the past three years with remarkable results. If you are interested in enrolling your child, or wish to know more about the school, please call 446-8206.

There is a time for special prayer requests at the 11 a.m. meeting for all women on Thursday, August 17, led by Rev. Margaret Stevens, new Associate Minister of The Santa Anita Church. All women are invited.

Dial-For-Prayer, 447-6162.

Calmer Council

every attempt possible to settle the disagreements prior to filing condemnation proceedings against three property owners who have failed to provide easements for necessary connections in the district.

The Weed Abatement program was settled by the Council and charges made against the taxes for the year 1967-68. The only deviation was a credit to Lot 1, Tract 25745 in the amount of \$60 which was considered an overcharge for the use of equipment time.

The Council then adjourned until the evening of August 21 for a budget study. The budget must be finalized and submitted for the tax rate by August 31.

Kiwanis Baseball

club's ticket sales money is retained for youth activities within its own community. Many children currently being aided through the Foundation will participate in colorful pre-game ceremonies at 7:30 p.m. Some have benefited from this game's proceeds for more than 14 years.

A major portion of Foundation funds are directed to Orthopaedic Hospital where more than 5,100 children have been aided through the organization.

The success of Kiwanis ticket sales for Monday's game will enable the Foundation to help some 200 more youngsters during the coming year and individual Southland Kiwanis Clubs to aid an even greater number.

The benefit game is Kiwanis' only major fund-raising event.

SPORTS AS Hank Ives SEES IT

VALLEY ALL-STAR GAME A DOOZY...

The West will be slight favorites over the East Thursday night when the two teams meet in the second annual San Gabriel Valley All-Star Game at Citrus Stadium. Proceeds from the contest, sponsored by the Glendora Rotary Club, will go to the Orthopaedic Hospital in Los Angeles and the Glendora Welfare Association.

Ray Solari's westerners will have the name players, the Dave Buchanans and Don Autrys, plus 3 members of his own CIF champion South Pasadena aggregation. The West is also blessed with exceptional speed. Duarte's Bob McHenry, Joe Lawrence of San Gabriel Mission and Bob Vertti's, St. Francis whiz, can all fly.

Blair's Leon Braddock is a hard-smashing fullback that Don Hunt hopes will matriculate at PCC this year. His teammate, Blake Blount, goes both ways at end and was a key factor in the Viking success last year.

Muir's big Steve Jubb anchors the West line that also includes such good ones as Chuck Henze of So Pas, Alhambra's Dante Tunzi, Mary Shultz and Andre Morris from Pasadena and

La Canada's Steve Zeisler among a list of standouts.

KEN WELLS has his stars, too. Twenty-five of them, to be exact. These are truly all-star rosters. Bishop Amat's Larry Maure is a fine quarterback who has already seen game action in the Catholic Big Brother's contest last month. Don Reynolds of Baldwin Park and Upland's Pat Quinn have the speed and power to pop for long TD runs.

IF THE 1967 GAME is anything like last year's spellbinder, it should be a doozy. Remember it? Tom Hamilton's West team got off to a good lead behind the running of Temple City's Bob Brown, but had to stave off a determined East rally in the final period in order to take home a 29-26 victory. It was a fine way to start an all-star series and more of the high-scoring fireworks is on tap Thursday night.

QUOTABLE QUOTE: "The Rose Bowl is the finest arena I've seen for an outdoor rodeo!"

Authority for this statement was Andy Jauregui, former national rodeo champion who now rates as one of the nation's leading rodeo stock producers. Stock from Jauregui's Jay Spear Ranch will be used for the third annual Rose Bowl Rodeo, which will be held Saturday night, Aug. 26, and Sunday evening, Aug. 27.

OVER 200 COWBOYS of the Rodeo Cowboy Association will be competing for prize money and points toward the world championship. Last year's all-around winner at the Rose Bowl, Larry Mahan, continued on to win the world all-around title and is heading toward an all-time money winning record this year.

JAUREGUI'S ASSOCIATION with the Rose Bowl goes back to the first one in 1934. That year he captured the national championship in steer roping. He competed in Baker Ranch Rodeo, the first held in the bowl. Remember? The Pasadena Police Relief Association sponsored that one.

Later the East Pasadena Boys Club put one on and then Stuart Hamblin produced a rodeo. Casey Tibbs came along in 1965 and TV star Bob Eubanks backed last year's rodeo. This will be the third consecutive year of rodeoing in the Rose Bowl and it looks like the wild west action is here to stay.

IMPRESSIONS DEPT. ... soccer fans are eagerly awaiting the return of Eusebio whose Benfica team will tangle with the Boca Juniors of Argentina Saturday night, Aug. 26. The Rams could make a strong run for the divisional title if BOTH Dick Bass and Tommy Mason stay physically healthy. The Foursome are already in mid-season form. The Cow-boys were made to look pretty sick against the Ram defenders in last week's charity clash.

IT HAPPENED A YEAR AGO. ... Buckpasser won the \$120,000 American Derby

Faith Lutheran Sunday Services And Activities

This week nine youth of Faith Lutheran Church, 845 Hastings Ranch Drive, Pasadena, will attend the annual District Walther League Convention to be held at Biola College in La Mirada. They will return on Sunday afternoon after a weekend of education, fellowship, and inspiration. Those attending are Bruce Curl, David Fair, Jill Johnson, David Reed, Colette Beckler, Mia Wessels, Lee Pancoska, and Kathy Porter.

Regular Sunday school and Bible Classes will be held at 9 Mr. Alvin Duesing will lead the adults in a new course, "The Truth About the Virgin Mary." In the 10 worship service Mr. Donald Hingst, minister of education and youth, will address the congregation on the topic, "Love Above All," based upon the parable of the Good Samaritan.

Mr. Hingst also announced the beginning of Faith's annual Vacation Bible School. Beginning Monday, this two-week course for children from kindergarten through the ninth grade, will follow the theme, "The God I Love." Parents are invited to enroll their children after the Sunday service or at 8:45 on Monday morning.

Twins Club Holds Annual Barbecue

An evening of fun is anticipated by the members of the Santa Anita Chapter Mothers of Twins Club when they gather at the home of Mr. and Mrs. Clifford Lasken, 717 Camino Grove, Arcadia, for their annual husband and wife barbecue on Saturday, August 19.

Cocktails and hors d'oeuvres will start the festivities at 6, followed by dinner and dancing.

Chairman for the event will be Mrs. Berry Walderp of San Gabriel, with Mrs. Clifford Lasken, the hostess, assisting.

Mrs. John Harte, club president, extends an invitation to parents of twins and triplets to inquire about the club's activities by calling her at 289-4830 or Mrs. Jan Brumley at 287-5915.

Senior Citizens August Activities And Future Plans

The meeting of Senior Citizens was called to order by the president, Frances Gardner, at 11:45. Minette Ring gave the prayer. A salute to the flag and the "Star Spangled Banner" and "The More We Get Together," were played by Vivian Singleton at the piano. Luncheon was held about noon and then the meeting resumed.

The minutes of the previous meeting were read by Helen Hill, secretary pro tem. The treasurer's report was given by Helen Wheeler, treasurer. Minette Ring, tour chairman, told of trips in the future. Lucille Pickett reported on members who are ill and all were saddened by the passing of Maybelle Barker, a cherished member. She had been historian and press chairman. The president appointed Helen Hill as historian and Pearl Patterson as press chairman.

There being so few August birthdays it was decided to combine August and September with a party the end of September.

The last Saturday in August will be used to celebrate Labor Day with a salad luncheon. There were no guests and no program scheduled, so the group adjourned for cards and games.

A group of Senior Citizens attended Anaheim Stadium Friday evening with the Sierra Madre fans, they included Frances Gardner, Flora Anderson, Nina Dimick, Helen Hill, Millie Freislinger, Bernice and Martin Olson, Marie and William Peters and Pearl Patterson.

All Senior Citizens are welcomed each Saturday at 11:45 at the Park House on Hermosa Ave. and Sierra Madre Blvd.

Planning Commission Report

At a recent meeting of the City Council, Robert Poolman, chairman of the Planning Commission, presented the commission's study on the proposed Civic Center.

From the facts presented in the report and from attendance at all of the public airings in preparation for the report, it is easy to see that literally thousands of hours were involved by a goodly number of people in its preparation. Every facet of the proposed center has been studied and the Commission must be credited with a commendable presentation and the City is indeed indebted to these men for the time and energy involved in the in-depth end result of their work.

The Commissioners were asked, early in the report to expedite their study and the Commissioners, we felt, agreed with the need for early action and the crying need for a decent facility for our city, and they tackled the project with gusto. The final results, we believe, is indicative of the dedication of the Commissioners to their assignment.

Now comes the stalemate! Last year's Capital Improvements Committee of the City Council consisting of Councilwoman Maddox and Councilman Wagner, in their recommendations for capital improvement came up with a report that the City should give the Library a windfall amount in budget year 1966-67, youth center in 1967-68 and finally the proposed Civic Center in 1968-69. On the surface this may seem logical to one and all — BUT — let's look again.

Our City employees are working in a building that must be looked upon as a "fire-trap" in every sense of the word, the police are cramped in quarters so tight that they can not operate with any semblance of efficiency and order. Even though badly understaffed, they are cramped and crowded to a most ridiculous degree. The secretary that transcribes the Council minutes must work in the Council Chambers for lack of other space to work. Valuable reproduction equipment is operated in a damp, and dark basement corner that no self-respecting rat would want to hang out in.

Add to this a leaky roof, a firemen meeting room with but one narrow stairway and quarters that would undoubtedly fail a sircit fire inspection, plus walls that shake when the fire trucks are started and floors that shake beneath your feet, throughout the rest of the building, and with power overloads creating electrical outages as many as seven times in one day. This is the face that meets the public when they have to transact city business or stop by the City Hall for any reason. Not a very impressive welcome mat for visitors to our city either.

This is the last item on the Capital Improvement Committee's list. Of course, it could be a mere coincidence, but under their planning it just happens to come up just preceding their time to run for re-election and a fine time to either stump for the new Civic Center if that seems popular with the people; or attempt to shoot it down, if for some reason or other that might appear to be the more popular approach.

We feel the Civic Center played an important part in the last election here in town and the real issues were lost through misinterpretation, possible misplaced sentiment and just plain objection to progress and changes.

It would be a crying shame if the report of the Planning Commission is just filed for an interim waiting period without the next steps being taken. A real selling and presentation job is needed to put the facts over to the public and we hope this logical step will soon be taken. It would be a sad affair to let the thousands of hours of involvement by the Planning Commission go for naught. Commissioner Poolman, in presenting his report told of the very large number of people that had been involved in the research and it was impressive, to say the least.

Like we say, it could be a mere coincidence that the Improvements Committee slated the Civic Center so far down the list but we feel sure that the Planning Commission feels convinced of the real need for a new Civic Center and they have spent plenty of time to get close to the situation and properly evaluate all its aspects, and we hope they will lead the way toward the next step — architectural feasibility studies and development.

We can not afford to have the Civic Center become a political football and hope someone will soon take the initiative and get the ball rolling toward a big boost to our Civic Pride.

A Sorry Spectacle

According to a newspaper report from Portland, Oregon, a U. S. Community party organizer, speaking to a group of college students on college property, said: "Americans eventually will adopt Communism because the present political system gives them no way to participate meaningfully in the decisions controlling their lives."

It was noticeable that no college authority answered this challenge. No support was offered for our representative form of government under which every adult man and woman has the right to vote on a secret ballot.

What would happen to a U. S. citizen who dared to address a Russian college audience in like manner and criticize the Communist system? A U. S. Communist, under the protection of the U. S. Constitution, has the privilege of criticizing the U. S. political system which guarantees his right to free speech, which he wouldn't have in Russia.

We need a few "organizers" to teach United Statesism in our educational system to counteract the isms that have the privilege of trying to tear it down. Lack of teaching leaves our young people at sea and open to the wiles of those who would destroy us under the cloak of academic freedom.

ARGO, ILL. NEWS: "While suburbs are tackling the question of open housing in terms of the color question, it should be pointed out that regardless of color, religion or race, it is the couple with a child or several children that find it more difficult to find an apartment or a rental place to live, regardless if they have money to pay. Next, it is more difficult for the single girl to find a rental room than it is for the bachelor."

FREEDOM AT ANY PRICE

by DR. HENRY V. WITTY

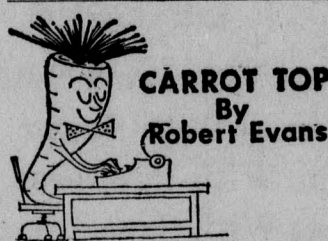

Management of this newspaper is not capable of answering questions to this column; however letters to the editor will be published.

Today, demands are being made that Negroes are entitled to rights which are "better than equal," and that the Negro must now receive "preferential treatment" to compensate "for the inequities of 100 years." It is said that we degraded the Negro by subjecting him to slavery, whereas, in Africa, he had lived in idyllic primitivism as a child of nature blissfully enjoying freedom and well-being. On the contrary, facts indicate that slavery was an advance over the previous condition of the black man. At the time of the importation of Negro slaves into the New World, the Negro warrior tribes traditionally killed all those whom they bested in battle and, in most cases, ate the victims. In the equatorial regions of Western Africa, where most of the American Negroes descend, travelers reported that victorious tribesmen round up their captives and "drive their prisoners before them as butchers drive sheep to the shambles, and these are only reserved to fall victims on a later day to their horrible and sickly greediness." It was reliably reported that "human fat is universally sold" while the fan barter their dead among themselves and even disinter them to be devoured.

It is a bit of double-talk among American liberals to-day that the Negro slaves originally were hunted down by white men and forcibly brought to this country. Actually, the great majority of slaves were hunted down by Negro warrior groups and moved to the coast where they were exchanged for merchandise with the slave traders. The current demand to compensate the Negro with a retro-active gift of "more than equal rights" to make up for the so-called past abuses does not stand the test of historical fact. The "more than equal rights" program can only be justified by a gross distortion and misrepresentation of historical events.

"Social scientists" often point to the alleged lynching of Negroes in America as major proof of the degradation of the Negro from his original jungle life. They overlook not only the fact that the ancestors of the American Negroes would have been lynched far more often by their fellow Negroes in Africa, and generally eaten, but also the fact that Negro atrocities against whites greatly exceeded the number of lynchings here.

Negro sources claim (according to the World Almanac, 1963, p. 310) that 1,797 Negroes have been lynched during the period between 1900 and 1963. Official figures show, year by year, that Negroes have accounted for about 55 per cent of all murders and homicides committed in the United States. The Negroes comprise only 10 per cent of the population. During the last 20 years, there have been an average of 10,000 murders and homicides committed in the United States per year. It is a fair estimate that

ence was born in a courtroom of New England in February, 1761—born at the hand of a colonial lawyer who had the courage and the conviction to resign a comfortable post as Advocate General in the Colony of Massachusetts rather than be a party to acts and procedures which he found "destructive of liberty and the fundamental principles of law."

More than 200 years have elapsed since James Otis, standing proud and erect in that Boston courtroom, made his brilliant defense of the right of the people to be secure from arbitrary acts of the Crown. A great nation has evolved in those two centuries—one dynamic and strong, one dedicated to the God-given ideal of liberty, equality and justice under law . . . this I hope, I hope, I hope.

Cobwebs

Ten Years Ago: August 15, 1957

Sierra Madre Garden Club held its annual garden party at the home of A. J. Paus. Mr. and Mrs. Paul entertained over 60 people who came to see the lovely displays and listen to the speaker.

Carolyn Frances, daughter of Mr. and Mrs. William F. Maloney of 15 E. Alegria, became the bride of Robert Lawton Taylor last Saturday in St. Rita's Church. The newlyweds chose Santa Barbara for their honeymoon.

Mr. and Mrs. Richard Dodge of 111 E. Orange Grove are home from their 12-day tour of San Francisco, Portland, Vancouver and Grand Coulee Dam.

Twenty Years Ago: August 21, 1947
Sam McElfresh presided over the Kiwanis weekly meeting this week while President Bob Green is vacationing up at Big Bear with his family. Lt. Gov. Dwight Lydell was guest at the luncheon.

Dr. Leslie M. Hurt of Orange Grove, county livestock inspector, has recently been elected as president of the American Veterinary Medical Association at its convention in Cleveland, Ohio.

Mr. and Mrs. Charles Aske and their daughter, Jean, left Saturday for a ten-day vacation to Oregon.

Thirty Years Ago: August 13, 1937

Ruth Murray, hurrying to work because her alarm failed . . . R. C. Pettit thought he heard a prowler and went sneaking out in the night to find a possum instead . . . Newlyweds Frances and Loring Hutchinson breakfasting at a coffee shop, completely oblivious to the world.

Mrs. J. F. Harvey held a reception at 12 midnight. Why the strange hour? So guests may see the night-blooming cereus she has near her front porch. Its six blossoms come out only at midnight.

Telephone booths and rest rooms will be open 24 hours on the corner of Baldwin and Highland Avenues.

Fifty Years Ago: August 17, 1917
Local boys were given commissions by the Army Reserve Officers Training Camps. Charles J. Camp was commissioned as a second lieutenant. J. Childs became first lieutenant and Max Thornburg was cited as second lieutenant.

Mr. and Mrs. W. L. Thacher, who have been occupying the Davis bungalow on Grandview, have gone to Santa Monica to spend a month's vacation.

Prime rib roast is on at the Central Market for 20 and 23 cents a pound, small legs of milk lamb are 28 cents a pound, and fresh link sausage is 25 cents a pound.

Average American family spends only 17.6 cents of each dollar of income, after taxes, for food, leaving \$2.4 cents for other necessities and luxuries.
